

Kiss

Kiss

This vintage upholstery fabric is in our Natura Collection, a collection that stands for luxury and naturel fabrics.

Kiss has undergone a special production process. The linen and cotton upholstery fabric is dyed, washed and finished in a certain way that the dye stuff is 'pulled' out of the fabric to give it a nice, authentic, crafted and washed aspect.

Every meter is unique, therefore it can have variations in colour, shading and structure. While being used it enhances its character. Just like your favorite pair of jeans!

If a stain occurs, please do not rub over the fabric or the stain, because then you will rub out the dye stuff and white spots will appear (especially on dark colours). Do try to remove the stain careful with a spoon. Secondly, take a cotton kitchen towel and make it wet with lukewarm water. Wring it out and put it over the stain. Let the towel lay, so it can absorb the stain (minimum 24 or 48 hours).

Kiss is perfectly suitable for loose fitting upholstery and washable at 30 degrees (machine).

- Please note this article has a higher shrinkage than the recommended maximum 3%.

- We recommend to wash the cover inside out and immediately place the cover back to the piece of furniture, slightly damp, after washing.

***Textafoam originals** Established in 1970, this Dutch family business brings together craftsmen in textiles and furniture design to build an unrivalled portfolio in upholstery fabrics that meets buyer's needs every time. Featuring a wide colour range, ultimate value for money and excellent reliability in the supply chain.*
